**LIST OF PERFORMANCES AND BROADCASTS**  
**OF MUSICAL WORKS BY KAIKHOSRU SHAPURJI SORABJI**

This list is not (nor can be) guaranteed to be comprehensive. It is updated continuously to incorporate newly discovered information on past performances and broadcasts and detail on new and forthcoming ones. Although the purpose of this list is to document public performances and broadcasts, a few private ones have also been included for reasons of especial historic interest.

For reasons of space, works are indicated by number in accordance with the **LIST OF MUSICAL WORKS BY KAIKHOSRU SHAPURJI SORABJI** compiled by **The Sorabji Archive** (q.v.).

Performances/broadcasts of complete parts of works are shown in brackets in lower case **Roman numerals** immediately following the relevant work number, e.g. 31(i). The following exception applies:

**One Hundred Transcendental Studies (No 66)**

As it is most improbable that the entire set be performed at one sitting, individual studies are, for reasons of space, shown in **Arabic numerals**.

Performances/broadcasts of excerpts (other than complete parts) of works are indicated with an × immediately after the relevant work number, e.g. 31(i) × (see table below).

Numbers in **boldface** indicate the first live public performance of a work or part thereof.

Numbers in **boldface italic** indicate the first public hearing of a work or part thereof other than at a live public performance, i.e. when a hitherto unperformed work is first heard in a broadcast (in such cases, the first live public performance is still given a **boldface** number). Live lecture-recitals are excepted in this context.

Performances/broadcasts of indeterminate date, venue or content show as much detail as is available. All uncertain information is specified as such by the use of ?s. If the year is the only known information, the item is shown at the end of the year concerned.

- + recording (unless specifically recorded for broadcast)
- B broadcast (live or pre-recorded)
- R repeat broadcast
- d date made available
- e instrumental ensemble
- t taped computer realisation
- × excerpt(s) only
- \* according to the composer
- ‡ doubtful: probably refers to one of the two preceding items
- 1 may have been 010430
- 2 première of arrangement for baritone and piano
- 3 première of original version for baritone and organ
